

## PROJECT SUCCESS

Project Success is an ever-growing collection of programs that engage our youth to promote positive development and healthy lifestyle choices.

CYEP wants to ensure we provide youth with programs to help them achieve their goals and become successful, productive adults.

Project Success programs address various topics, including Teen Pregnancy Prevention, Healthy Relationship Building Skills, Domestic Violence Prevention, Mental Health Awareness, Social/Emotional Learning, and STEM programming.

## FOR PARENTS & EDUCATORS

CYEP partners with local school systems, community agencies, non-profits, and government agencies to empower youth.

We collaborate with young people, their families, and the community to secure brighter futures by offering culturally competent, evidence-based curricula.

## ABOUT CYEP

Capital Youth Empowerment Program (CYEP) is a unifying force in the National Capital region- one that connects industries to disenfranchised families and fathers to meet the needs of the community. Our work teaches life skills that equip the underserved with the tools needed to strengthen lives, empower, and change communities.

## PROJECT SUCCESS YOUTH PROGRAMMING

### BE PROUD BE RESPONSIBLE

A group-based program focusing on sexual responsibility, teen pregnancy, and STI/HIV prevention.

### FLEX FACTOR

An innovative outreach, recruitment, and STEM education program for middle school, high school, and post-secondary students incorporating problem-solving, communication, and workforce development skills

### SAFE DATES

A group-based program focusing on healthy relationship skill development and teen dating violence prevention

### EL CAMINO

A group-based program focusing on personal and sexual responsibility designed to support teenagers and young adults in achieving their goals  
**(Delivered in English or Spanish)**

### HYPE

A group-based program on abstinence, teen pregnancy prevention, HIV/AIDS, STDs/STIs, and positive youth development.

## OUR VISION

CYEP will set the standard for healing our community in the twenty-first century. We are committed to creating and sustaining support and guidance for underserved populations by promoting equity in our community through advocacy, coalition building, and programming.

## OUR APPROACH

CYEP will teach you how to be a better person, help you gain the knowledge and skills to make it in this world and connect you to opportunities that can change your family's legacy forever.

## OUR GOAL

Our goal is to provide teens with the knowledge and life skills needed to be responsible, healthy, and empowered young adults. Participants are taught how to recognize and avoid risky behaviors, practice safe sex, engage in healthy relationships, and develop career goals.
